

Planning Your Holiday Feast - Step 1

Let's make your shopping experience easier and plan your meals out ahead of time. What's your main course? What side dishes are you going to prepare? Do you have the appropriate selection of beverages? What ingredients does your list require? What ingredients must you get?

Planning Your Holiday Feast - Step Two

Now that you have made your plan, create a list of all the necessary items that you need to acquire. Creating a list will help you prevent forgetting to purchase any necessary items. It's important not to forget about cleaning accessories (such as garbage bags and sponges), desert items (such as brownies, icing and confectionary sugar), and cooking accessories (such as tinfoil, saran wrap and cooking oil).
